

Suggested Plan of Study

Candidates interested in the Associate Degree in Nursing should follow the suggested plan of study. It is also recommended that the prerequisites* and any coursework required for the prerequisites be taken over a course of 3 semesters *or more*. Students should seek the advice of a counselor before registering for these courses.

Summer:	Fall:	Spring:
BIOL 1406 General Biology**	BIOL 2401 Anatomy & Physiology I	BIOL 2402 Anatomy & Physiology II
