Staff Highlight

After serving for five years at Brazosport College as Dean of Students, Dr. Pamela Davenport is retiring at the end of September. She has been working in higher education for 45 years all of which have been in student services. Her family resides in Oklahoma, where she attends many OSU games throughout the year. She has recently had the great pleasure of becoming a grandmother and plans to spend as much time as she can with her new grandson Braxton. Dr. Davenport says " I feel so very fortunate to have worked at four different community college throughout my career. I cant think of a better career than working to improve services and support for students. I feel especially blessed to have spent the last five years of my career at a college where the president established the success of our students as the top priority." From all of us at Brazosport College, we want to express how thankful we are to have had you and wish you the best of luck on your new adventures.
